STILL BUILDING LEGENDS... ONE AT A TIME.

THE FIRST NAME IN **QUALITY,** THE LAST WORD IN **CRAFTSMANSHIP.**TM

Since Day 1, quality has been job No. 1 at Ranger® — it is woven into the fabric of everything we do. From our people to our products, a laser-like focus on quality is what drives us. This singular obsession manifests itself every day in the boats that bear the Ranger badge, and the work done by each person at every level. The result continues to be industry-leading designs with more angler-friendly innovations and

greater customer confidence and satisfaction. Knowing that you're with the most proven name on the water means there are more satisfied Ranger owners and more Ranger dealers around to give you peace of mind that you're part of the largest, most well-respected family in fishing and boating. Ranger Boats: The First Name in Quality, The Last Word in Craftsmanship.TM

FROM QUALITY & PERFORMANCE TO INNOVATION & DESIGN,
RANGER ALUMINUM
DOMINATES
AT EVERY LEVEL!

ONLINE

Behind the console of a Ranger® boat is an enviable place to be. It's where the dreams of countless anglers have been realized through

tournament wins, where untold memories have been made by families and friends, and most importantly, it's a place within your custom creation where you're in total control.

And with Ranger's steadfast dedication behind you, you've given yourself the best vessel for attaining success, be it on the podium or in the memory bank. No matter which Ranger aluminum you're looking at, performance and innovation are best in class. So go ahead... Grab The Wheel And Take Hold Of Your Dreams.™

GRAB TAKE HOLD

THE WHEEL AND OF YOUR DREAMS.™

PERFORMANCE INNOVATION QUALITY RESALE VALUE SAFETY

ATTENTION TO Ranger DETAIL

Every aspect of a Ranger boat is rigorously scrutinized and made to the highest standards. From our premium, hand-made marine-grade seats to our legendary Ranger Trail trailers, you can be certain that your Ranger is built on a higher level.

Every Ranger aluminum features precision steering and a solid, foam-filled hull for maximum confidence. Real-world research and testing have refined these rigs into solid all-around performers both at speed and on the trolling motor.

From technology to horsepower, Ranger boats are available with a wide variety of outboards.

Ranger Trail®

Ranger Trail® trailers are custom built for your dream rig, helping ensure the best fit and highest customer satisfaction. See pages 64-65 of this brochure or visit us online at Rangerboats.com for more information.

Bold consoles accept larger electronics than ever before, giving you even more advantages on the water. Plus, the high-strength fiberglass construction extends legroom via a cantilevered design.

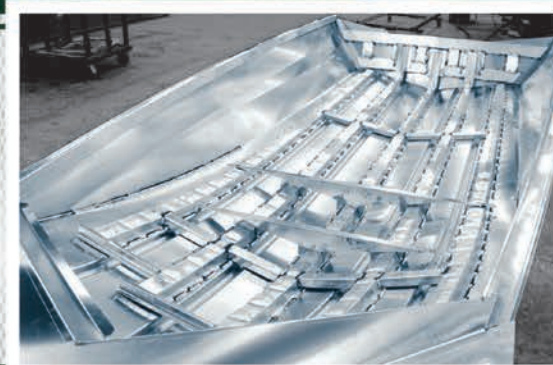

PERFORMANCE INNOVATION QUALITY RESALE VALUE SAFETY

BUT **STRONG** **AS AN OAK.**

WOOD-FREE

You might say that quality is the cornerstone of the Ranger Five Star Advantage®. Ranger quality is tangible from trailering to top speed, with hallmarks being stability, strength, and refined comfort and convenience. Our relentless passion for perfection begins in design and is executed by skilled workers using premium components to create products that live up to the standards of excellence Ranger has pioneered. These hardcore fishing machines are built with today's anglers in mind from wide decks and ample storages to handmade consoles that house the latest in electronics. From the all-welded construction to hand-built seating, Ranger aluminum boats are Wood-Free But Strong As An Oak.™

The bedrock of a Ranger aluminum rig's strength can be found within its core. Precision formed hulls with all-new stronger keels anchor a master's course in premium boat making design. Bolstered sills, cross members, precision cuts and welds all combine to make these rigs sturdy from beam to beam, solid at all speeds and rugged for the long haul. The commercial strength in design is all-welded and 100% wood free.

We're always listening, learning, refining, and perfecting. Around here, we call it Signature Quality. It's a personal commitment to excellence from each of us to every Ranger owner.

Experience the only genuine Best Built-Best Backed™ boats in America. See your local Ranger dealer and find out how easy it is to run the rig of your dreams.

Included in Ranger's all-around performance standards are fishability and comfort. You won't find fixed cleats or other snags on top of our rails, so there's nothing to trip you or grab when entering and exiting the boat.

Seeing is believing, and we don't believe you've ever seen another boat company do what Ranger® does with our famous cut-away models. For decades,

we've taken fully rigged fiberglass Rangers, carved large pieces out of them, launched them and then fished them over hundreds of feet of water to demonstrate the level of safety that's built into every boat. We extend the same "courtesy" to our aluminum boats as well. These cut-away rigs are proof positive of how buoyant, stable and safe every Ranger boat is. We know of no other manufacturer who goes to such great lengths to demonstrate the peace of mind within every hull. When You See What We're Made Of, Nothing Else Makes The Cut.

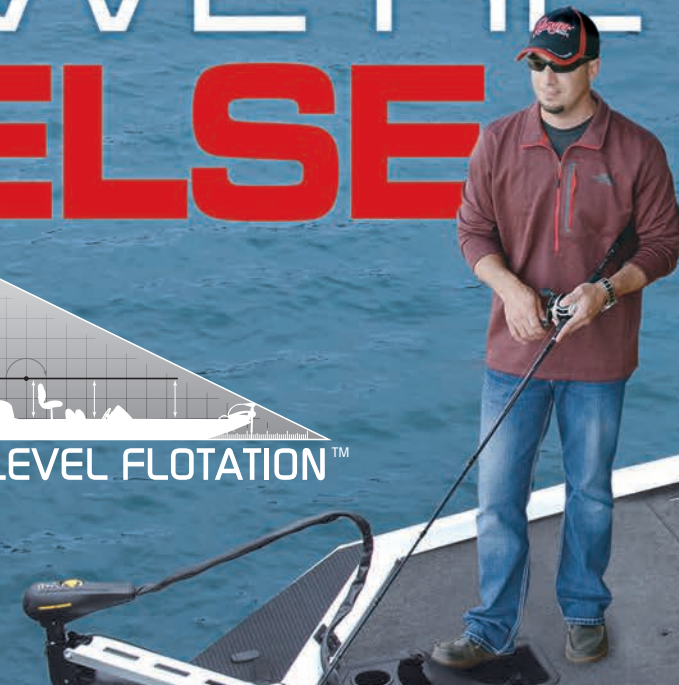

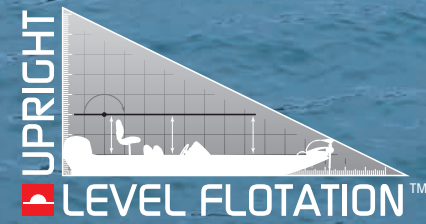

WHEN YOU SEE WHAT NOTHING

With so much closed-cell foam flotation in a Ranger aluminum boat, the designs are engineered for optimum stealth, stability, and peace of mind.

WE'RE MADE OF, ELSE MAKES THE CUT.

Injecting foam into inner cavities

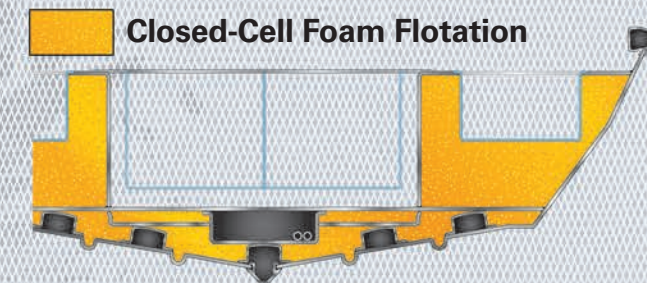

Regardless of size or type, Ranger aluminum designs are covered by our commitment to deliver you even greater satisfaction and lasting peace of mind.

We go to great lengths to make sure that every Ranger hull lives up to our legendary One-Piece Feel Interloc Construction® standards. This means that our hulls are quieter and more solid so you have the utmost confidence whether you're slipping into the shallows or cruising over hundreds of feet of water.

It's obvious the interior of a Ranger boat is designed by anglers, for anglers. The massive storages, extra-wide decks and intuitive layouts maximize convenience and your time on the water.

Virtually every square inch of space between the top cap and the running surface has been injected with our famous closed-cell foam. When dry and cured, it unitizes the boat into a single, solid piece and is the backbone of our signature ride and feel.

Broader beams keep you stable and dry and offer roomier layouts and greater storage space. Ranger designs are meant for serious anglers, so we go to great lengths to make sure that our designs excel no matter the time or place.

PERFORMANCE INNOVATION QUALITY RESALE VALUE SAFETY

RT SERIES

PERFORMANCE

WITH NOTHING TO PROVE AND EVERYTHING TO GIVE.

Standing head and shoulders above the competition, the Ranger® RT Series makes a statement through unmatched quality, even greater advantages and superior all-around performance. Ranger aluminum rigs are built with an emphasis on function and fishability that deliver the ultimate in comfort, space and storage that the competition can't match. From wide, stable and spacious decks to custom-matched seating and foam-filled rigidity, Ranger gives you the upper hand in all categories. For 2020, we're stepping up our game again with an all-new pad-hull RT188P with more innovation and tournament-ready capability built right in while we've upgraded trailers and expanded color schemes across the board. Simply put, every RT boat is built with a passion for perfection and Performance With Nothing To Prove And Everything Give.

RANGER® Aluminum Models Are Simply Amazing.
FROM QUALITY TO TOTAL PERFORMANCE,
THESE BUDGET-FRIENDLY RIGS
REALLY DELIVER.

Scott Martin
 Champion Tournament Angler,
 Television Host and Ranger® Owner
 Image Courtesy of Kyle Wood / FLW

Seating is made in-house for better quality control and complete customization. We use only premium marine-grade upholstery and comfortable, long-lasting cushioning.

Custom-matched fiberglass consoles are made via closed-cavity bag molding, which permits us to create more intricate and stronger designs with greater uniformity.

RT Series livewells are timed, aerated and divided for maximum versatility and keeping catches lively. Our foam-filled hulls and insulated lids keep things cool inside.

Lockable rod storages feature individual tubes and butt holders for greater protection and organization. RT188, RT188P and RT198P center rod stows are flanked by tackle storage.

Welcome To The Top Of The Food Chain

Ranger's flagship aluminum bass boat stands as the high-water mark for all-around performance, comfort and capability. With an advanced pad-bottom hull, performance-enhancing integrated engine setback and 150-horsepower rating, you'll stand out and fly by in the RT198P. For 2020 an all-new fiberglass bow console backmounts 9" screens front and center and keeps tools close at hand.

In the front deck are two rod boxes, an insulated cooler, and a spacious tackle storage. Screens up to 12" nestle within the custom-matched fiberglass console to give you every advantage on the water. In the world of aluminum tournament rigs, the Ranger RT198P is the apex predator... Welcome To The Top Of The Food Chain.

Raise The Bar, Level The Competition
The new Ranger® RT188P delivers with next-generation enhancements and features. A pad-bottom hull and integrated engine setback boost performance and handling while twin Power-Poles® can be accommodated with a jackplate. All-welded, wood-free construction provides unmatched rigidity and strength. The front deck enjoys port and center rod boxes, a built-in gelcoat-lined, insulated cooler and is

highlighted by an all-new fiberglass bow panel that can flush-mount 9" screens. The wide hull design not only delivers greater fishing room, but keeps more of the boat in the water, reducing the wind's effect on your position. Kick panels and a center step storage round out the cockpit while rear deck storages are larger than ever. The new RT188P lets you Raise The Bar And Level The Competition.

Uncommon Performance At Every Level

The RT188 has delivered tournament-level performance and fishability for scores of satisfied anglers in a package that's long on value, comfort and convenience. The smart layout features a broad and stable front deck for maximum room, with an 8' center rod and tackle locker that's flanked by two massive storages. The fiberglass console houses electronics up to 12 inches, gauges as well as no-feedback steering and

rocker switches. The back deck is highlighted by a divided, recirculating livewell and dual storage boxes that offer a perfect fit for the most popular tackle box sizes. Underneath lies a world of Ranger's signature flotation foam for upright, level flotation and an all-welded, wood-free superstructure. Year after year, the RT188 offers Uncommon Performance At Every Level.

The Crappie Crusher's Dream Come True

Gunnel to gunnel and bow to stern, you'd be hard-pressed to find a more capable bream, crappie and catfish rig than the RT188c. Its design features crappie angling necessities such as three-across front seating and a forward livewell. An oversized 8' 6" rod locker handles plenty of technique-specific rods while abundant storage throughout carries everything needed for spider rigging, dock shooting, trolling

and more. The customization continues with the outboard of your choice as well as your preferred electronics up to 12 inches in the console. Incorporated throughout the RT188c are legendary Ranger build processes, materials and attention to detail that delivers a comfortable and unforgettable experience every time, while custom graphics and new color options set you apart. The RT188c truly is The Crappie Crusher's Dream Come True.

Brilliant Pedigree With Matching Performance

The Ranger® RT178 represents the perfect blend of value, features and performance. It enjoys the same construction as our larger aluminum models, but in a size that will fit in your budget – and your garage. It boasts an 8-foot port rod locker, a recessed trolling motor foot pedal, three tackle-specific storages and an oversized center storage box. The .100" hull is filled to the brim with our signature sound-deadening foam

flotation for a noticeably smooth and solid feel at all speeds and in all environments. The carpet is rugged all-weather marine-grade, as is the premium vinyl upholstery. A fully featured console houses electronics up to 12 inches, gauges and a cantilevered design to maximize comfort and space. With so much loaded into its 17' 8" frame, the RT178 boldly boasts a Brilliant Pedigree With Matching Performance.

Unmatched Value And Versatility

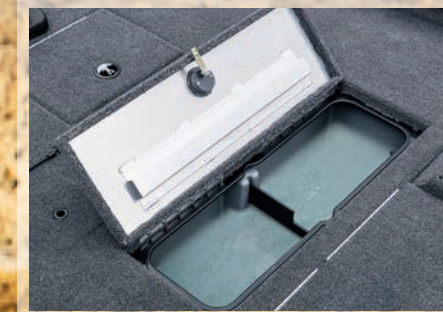

We've crafted the RT178c to deliver capability and performance for those who chase all things finned. Three-across front seating offers room for spider-rigging or shooting docks while an 8' 6" rod box safely holds your longer sticks. An in-deck bow tackle storage box keeps gear close at hand and a divided, timed and aerated livewell is just underfoot. The rear deck features two more tackle storages and another livewell along

with plenty of room to fish. Underneath the bench seating is even more storage while the cantilevered fiberglass console offers a surprising amount of legroom. Rounding out this capable package is a custom-built Ranger Trail® trailer that's made specifically for this hull with new premium wheels and our acclaimed Road Armor Equipped® coating for years of protection and peace of mind. Everywhere you look, the RT178c boasts Unmatched Value And Versatility.

RB SERIES

Built for bayous, bays and backwaters, the Ranger® RB Series is ready to take on freshwater, inshore and nearshore fisheries with saltwater savvy-touches, angler-designed layouts and maximum convenience. All-welded construction backed by our signature foam flotation delivers smooth and solid strength in a dry, nimble hull with brag-worthy performance.

The all-new RB200 delivers capability for inshore and nearshore fisheries with a 20' 4" pad-bottom hull and 150-horsepower rating for power and economy that'll get you there and back quickly and efficiently. Both the RB200 and RB190 come standard with an aluminum-framed Ranger Trail® trailer and our grippy and rugged Rawhide™ interior coating for maximum corrosion resistance. These supremely capable designs are Jacks Of All Trades...Aces Of All Fisheries.

JACK OF ALL TRADES... ACE OF ALL FISHERIES.

FROM **BIG BASS** TO **REDFISH** AND **SPECKLED TROUT**, THE **RB SERIES** IS PACKED WITH THE **PERFORMANCE** AND **VERSATILITY** TO TAKE ON WHATEVER I'M FISHING FOR.

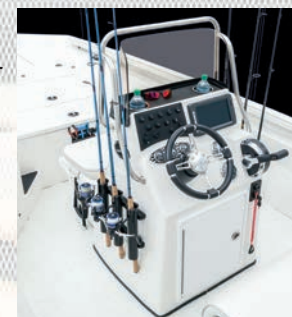

Clark Wendlandt,
Champion Tournament Angler

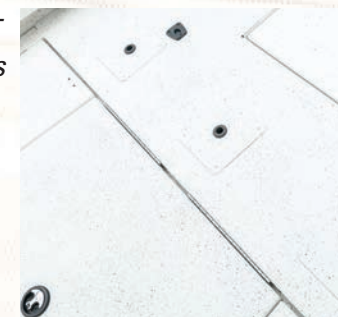

Aft jumpseats provide versatile comfort and extra storage. Flip them up for seating during runs and down for expanded casting room on the back deck.

Each RB Series boat is accompanied by a custom-crafted aluminum-framed Ranger Trail trailer that's designed for maximum corrosion resistance and peace of mind.

The center console is a custom-built fiberglass unit that features membrane-style switching, flush-mounted electronics and throttle control, drink and rod holders, hydraulic steering and keyed ignition.

The casting decks and cockpit feature our famous Rawhide coating that delivers excellent traction and superior durability. It's like a spray-in truck bed liner inside your boat.

Lake, Bay And Backwater Master

The Ranger® RB190 is a shallow-drafting workhorse that's ready to take on inshore species with saltwater-ready touches and a performance-minded design. Dual rear jump seats add deck space when down or seating when up and a padded driver's leaning post flips down to expose a livewell that'll accommodate tournament-size reds. The wide, stable and shallow-drafting hull complements the 115-horsepower rating and slices

through chop with swift and economical performance. BayStar® hydraulic steering and a binnacle-mount throttle on the fiberglass console keep you confidently in command. Huge gear storages, twin 8-foot rod boxes and integrated cup and tool holders accentuate the angler-friendly layout and make days on the water easy in this Lake, Bay And Backwater Master.

DEEP V SERIES

PERFORMANCE

IN ABUNDANCE AND **CONFIDENCE** IN SPADES.

Ranger® aluminum Deep V's give you the advantage from first holeshoot to last light, and at every hookset and high five in between. Each hull is built to deliver peak fishability with convenience throughout. Inside, angler-centric cockpits are covered in non-skid flooring along with all-weather seating that stands up to Mother Nature. Huge storages are tucked away to carry everything from rods to live bait to a well full of keepers, and underneath every hull is a custom-fitted Ranger Trail® trailer made as rugged and dependable as the boat it's carrying. From burly walk-thrus to nimble single-consoles and an all-new tiller model, Ranger aluminum Deep V models deliver Performance In Abundance And Confidence In Spades.

YOU'LL BE BLOWN AWAY BY ALL THE **CAPABILITY** THESE RIGS HAVE PACKED IN THEM. THEY'RE THE **PERFECT DO-ALL ALUMINUM DEEP V'S!**

Bob Izumi

Champion Tournament Angler,
TV Show Host & Ranger® Deep V Owner

Seating is designed for comfort, longevity and style. The vinyl shell resists hook gouges and the elements while providing all-day support season after season.

Complementing the strength within each Deep V are stout custom-matched fiberglass consoles that deliver convenient control and switching along with easy viewing of electronics.

Livewells and baitwells are conveniently placed and feature robust pumps and ample size for keepers of many species. Insulated hulls and lids help regulate the temperature inside.

The cockpit of a Ranger aluminum Deep V is covered in durable, marine-grade flooring that delivers excellent skid resistance while making cleanup even easier.

Built For Big Water, Big Fish And Big Families

The Ranger® VX1788wr is the answer for the family who wants it all: fishing chops with all-day comfort, enviable features and maximum value. Every inch of the VX1788wr is designed for convenience and utility, from the rear jump seats with concealed storage to the in-floor cooler, oversized storages and front deck baitwell. This rig is brimming with angling prowess thanks to standard Lowrance® electronics

and Minn Kota® trolling motor with a box to stow the pedal when not in use. Smooth hydraulic steering delivers commanding control over the foam-filled and all-welded hull while a deck extension offers a large, solid platform up front. Versatility is everywhere you look, proving the VX1788wr is Built For Big Water, Big Fish And Big Families.

Unflinching Big Water Performance

Ranger's flagship VS boat delivers loads of storage, a solid, dry hull and fishability that defines tournament-grade. A broad beam and expertly sculpted hull buck chop and swells to offer pinpoint control while the 175-horsepower rating gets you moving in a hurry. The expansive cockpit is lined with storage, covered in premium non-skid flooring and rooted in Ranger's all-welded, foam-filled construction. For even more versatility,

the front deck is a solid casting platform that houses lockable storages, a 7' 6" rod box and a baitwell. Within the rear deck are jump seats, an oversized livewell and seat base. Finally, a custom-matched Ranger Trail® trailer completes this standout package. Inside and out, the VS1882wr represents Unflinching Big Water Performance.

Unleash Unparalleled Advantages

Ranger's VS1682 single- and dual-console offerings set par for performance, value, quality and fishability in 16-foot aluminum Deep V's. These rigs feature full fiberglass consoles, high-end upholstery and a wealth of options and accessories to suit every angler's needs. No matter how you trick it out, the VS1682 benefits from all-welded and wood-free construction, and performance is delivered by way of a

specially designed hull that is backed by our signature flotation foam to absorb chop and track true in gusty conditions. Handy storages lie in each gunnel, the cockpit floor, along the bow and in the deck to handle a full load of gear. No matter where you look, the VS1682 lets you Unleash Unparalleled Advantages.

More Value And Muscle Per Inch

Making a compact Deep V with big-boat performance is no easy task, but Ranger® engineers pulled it off with the single- and dual-console VS1670. The foundation upon which this boat is built defines Ranger's legendary One-Piece Feel Interloc Construction® with clever storages for maximized inner space. The solid feel is complemented by the smooth-riding hull design and centerline weighting that puts the battery box and fuel tank along the keel,

aiding stability and tracking at all RPMs. Creature comforts abound too, from bow gunnel webbing and phone charging outlets to premium handmade seating and a hidden tackle stow in the rear deck. A full-length rod box, port and starboard livewells, standard Ranger Trail® trailer and a 90-horsepower rating make the VS1670 a dynamo that boasts **More Value And Muscle Per Inch.**

Built For Those Born To Fish

The Ranger® VS1660 tiller and console rigs are bound to appeal to those who desire Ranger quality and frequent small waters or place a premium on value. On the tiller model, a fiberglass gauge pod houses a tach, twin USB ports and a 12V outlet, rocker switching, electronics up to 7" and keyed ignition. Foot-activated trim switches are mounted on the cockpit floor just below the pod.

Console models feature binnacle-mounted throttle and shift with precision steering. Both feature three movable seats for the utmost in versatility. Rods up to 8' 6" are stowed in a lockable box and up to two gas tanks are concealed beneath the rear casting platform. No matter which suits your style, the VS1660 is Built For Those Born To Fish.

MPV™ SERIES

For sportsmen who never leave the water no matter the season, the Ranger® MPV™ series of do-all rigs are designed to excel whether you're in the marsh, the brakes or on the lake. Ranger quality is all over these designs, from ultra-quiet and buoyant foam-filled hulls to the all-welded, wood-free construction. Broad Beam Stability™ delivers a stable foundation for any kind of fishing or hunting. The interior is covered in our grippy and durable Rawhide™ coating for maximum protection and footing. Underneath the decks is Ranger's signature longitudinal beam and crossbeam construction, bolstered sills, performance designed transom with our exclusive pultruded fiberglass material for unmatched strength. Every inch is glare-free thanks to matte patterns and black hardware while each model is ultimately customizable thanks to Lock-Track™ extruded gunnels that can tailor a rig for all types of on-water duties.

VERSATILITY TO CHASE BLUEGILL, REDFISH AND GREENHEADS.™

NO MATTER WHAT SEASON IT IS, THESE RIGS HAVE ALL THE QUALITY AND DEPENDABILITY YOU'LL EVER NEED!

David Walker
Champion Tournament Angler,
& MPV™ Owner

Every MPV enjoys our signature Rawhide interior coating that makes each boat safer and more durable.

Seating is custom built in the Ranger factory utilizing premium marine-grade materials.

Our Lock-Track™ extruded gunnel system allows you to add a myriad of accessories creating the ultimate fishing and hunting machine.

The decks and floors in MPV models are 100% aluminum and feature layouts that maximize comfort and convenience.

MPV™ SERIES

RANGEROATS.COM

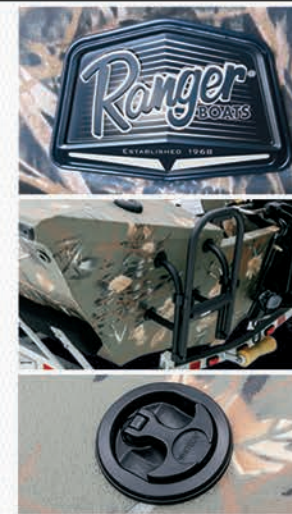

STAND OUT WHILE BLENDING IN.

Whether you need camo for a successful hunt or if it just fits your lifestyle, Ranger® offers some of the most in-demand and effective patterns on any MPV™, RT or RB model boat. These patterns are designed to turn heads on the water and trailer and conceal from eyes in the timber, swamps or marsh. Each is skillfully laid on by Ranger craftsmen using stencils for a finish you'll want to show off but your prey will never see coming.

Blacked-out Ranger badging gives camo editions a new, one-of-a-kind look to our classic logo.

Camo versions feature blacked-out hardware and custom black logos to complete the full camouflage effect that ensures you're covered to the greatest extent possible.

These **MPV MODELS** Are **EXTREMELY VERSATILE** And **PRICED RIGHT!**

Ranger Trail

ROAD ARMOR EQUIPPED

Even when parked, your trailer is subject to abuse from the elements. On the road, it endures a non-stop barrage of debris. But, a Ranger Trail trailer is different. Every trailer that leaves our factory (except aluminum frames) is treated to our exclusive Road Armor Equipped® coating. This polyurea finish carries the protective properties of truck bed liners with non-skid qualities, adding grip when used as a step. The frame, axles, full-width rear steps and fenders are covered in Road Armor to seal out debris, corrosion and the elements. Day in and day out, there's not a tougher trailer finish to be found.

CUSTOM-FITTED BUNKS

Every Ranger Trail trailer is uniquely tailored for the hull it's carrying down to the bunks. Each is treated for longevity and then finished in a durable marine-grade carpet. Precision cuts prevent scarring and gouging.

ALIGNED & BALANCED WHEELS

The premium wheels and tires are internally balanced for even wear, smooth tracking and a custom look.

SWING-AWAY TONGUE

With the swing-away tongue, Ranger Trail trailers give you even more storage options as well as an added layer of security when the tongue is secured to the frame.

FULL REAR STEPS

Fenders extend fore and aft of the wheel well for extra hull protection and an enlarged step.

DUAL CERTIFIED

Ranger sought and earned certification from the two authorities on trailers, meaning every Ranger Trail trailer is certified to meet Federal Motor Vehicle Safety Standards.

SOLID, SMOOTH AND EASY...

IT'S THE WAY WE ROLL

Every wiring harness is custom built utilizing the highest quality materials.

Integrated steps provide easy access in & out of the boat while also helping protect the hull side from road debris.

RT and aluminum-frame trailer models include sturdy guide bunks that make launching and loading even easier.

The unsung hero beneath every Ranger® boat is its Ranger Trail® trailer. This precision-engineered, custom-matched trailer is sculpted to perfectly cradle the boat riding on it. The tailor-made fit ensures smooth pressure on the hull for the utmost in security and peace of mind.

Our unshakable trailer designs start with channel steel that is cut, bent and welded for a perfect fit and alignment. From there we add our proprietary Road Armor Equipped® coating for years of rugged protection then top it off with custom aluminum wheels wrapped in radial premium tires. Treated bunks with load guides and waterproof lights make trailering Solid, Smooth and Easy...It's The Way We Roll.™

RT SERIES TRAILER

Custom swing-away tongue for easier storage and increased security.

Sand blasted effect on common painted trailer

Structural steel channel beam delivers exceptional strength and won't rust from the inside out.

Innovative Road Armor Equipped trailer coating on trailer frame and axles.

Exclusive COOL Hub® system continuously bathes & lubricates the bearings.

Aligned and individually balanced wheels

RT/RB/MPV™ SERIES ACCESSORIES

Customizing your special rig is one of the most exciting aspects of ordering your new Ranger®. Every Ranger aluminum model delivers superior fishability and all-around performance, but it's also eminently customizable to make you even more organized, efficient and effective on the water. Plus, the wide selection of options ensure that your Ranger is just right for you.

FISHERMAN EQUIPMENT PACKAGE

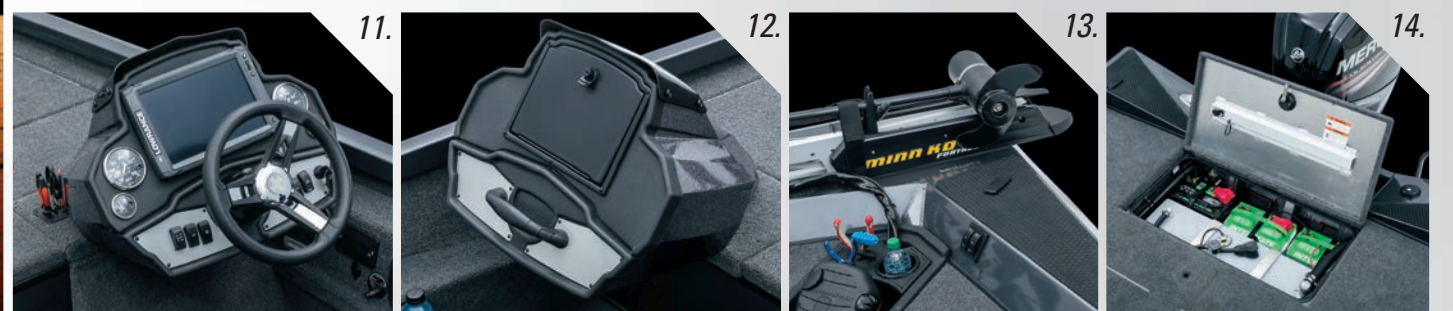

Available on the RB200 and RB190, the added bonus of this custom-matched package offers an even greater level of versatility and performance. See your local dealer for specific details.

- COOLER w/ SEAT CUSHION
- WATER PRESSURE & TRIM GAUGES
- 13" SPARE TIRE w/ ALUMINUM WHEEL
- AUTO BILGE REPLACE STANDARD
- OPTIONAL HYDRAULIC SETBACK PLATE

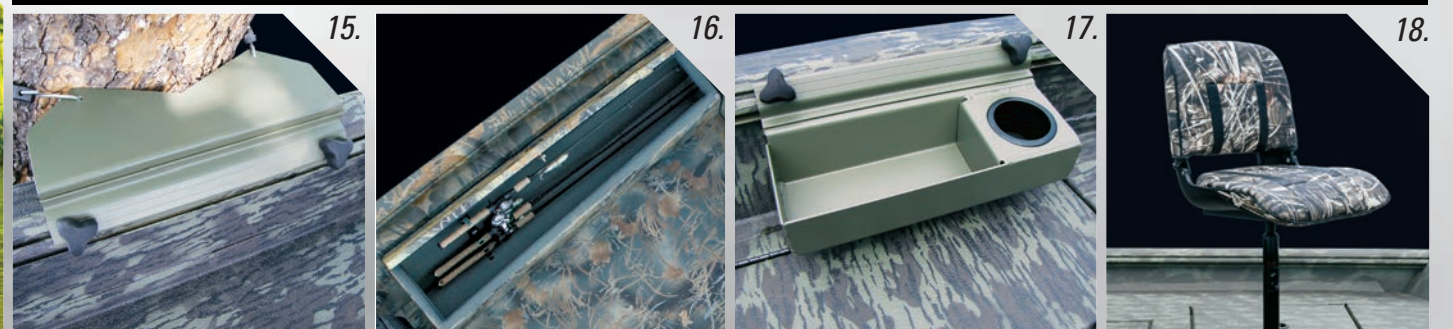

RT198P/RT188P FISHING PACKAGE

For the ultimate competitive advantage, this specially selected RT198P/RT188P equipment package includes a full roster of tournament-ready features at an incredible value. See your local dealer for specific details.

- FIBERGLASS CENTER STORAGE CONSOLE
- CUSTOM BOAT COVER
- RETRACTABLE TIE-DOWNS
- 14" SPARE TIRE w/ WHEEL

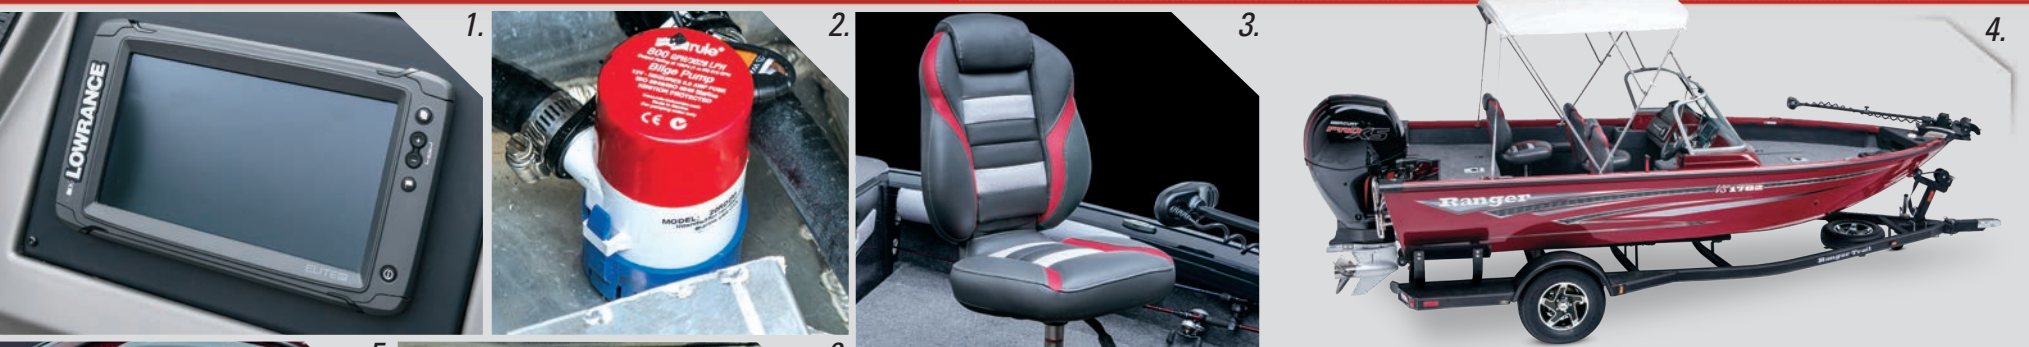

1. RB Fisherman Equipment Package 2. RT Fishing Package 3. Spare Tire & Wheel 4. Fiberglass Center Console 5. Custom Boat Cover 6. Stainless Steel Prop 7. Bow Electronics 8. Battery Charger Upgrades 9. Auto Bilge Pump 10. 3-Across Front Deck Seat Bases 11. Electronics Upgrades 12. Passenger Side Console 13. Trolling Motor Choices 14. Batteries

ADDITIONAL MPV™ ACCESSORIES: 15. Lock-Track™ Tree Bracket 16. Rod/Gun Box 17. Lock-Track™ Ammo/Cup Holder 18. Extra Fold-Down Fishing Seat

DEEP V SERIES ACCESSORIES

1. Electronic Upgrades 2. Auto Bilge Pump 3. Seating Options 4. Canvas Top 5. Passenger Side Console 6. Battery Charger Upgrades 7. Flip-Down Seating 8. Trolling Motor Choices 9. Stainless Steel Prop 10. Ski Tow 11. Custom Boat Cover 12. Front Trailer Step 13. Tandem Axle, Tandem Brake Upgrade 14. Spare Tire & Wheel 15. VX Deck Cushions 16. Fore & Aft Deck Vinyl

Available flip-down benches add extra seating when up and more deck space when in the down position.

While Ranger® Boats makes every effort to ensure that the information herein is correct, unending product refining and subtle design changes may result in revisions to current models that may not be shown in this brochure. Some models are shown with optional equipment. We reserve the right to make changes in specifications, models, features, colors and pricing at any time. Please check with your authorized Ranger® dealer for additional information, available options and specific limited warranty details. Representations made in this catalog do not constitute a warranty of any of the products shown. All limited warranties are outlined in the Owner's Manual that accompanies each boat. ® signifies registered trademarks and TM signifies trademarks of Ranger® Boats, a division of White River Marine Group, LLC and its affiliates or suppliers.
